CAREER SUMMARY:

Ambitious and detail-oriented Computer Science graduate with a strong foundation in **Java programming**, seeking an entry-level Java Developer position to leverage my technical skills and contribute to innovative software solutions.

WORK EXPERIENCE:

Cravita Technologies India Pvt Ltd

Junior Software Engineer | 5 Nov 2024 – 25 April 2025

- Developed and maintained web applications using **Java**, **Spring Boot**, and **Hibernate** for backend and **HTML**, **CSS**, **JavaScript**, **ReactJS** for frontend.
- Integrated **RESTful APIs** and implemented CRUD operations for dynamic data management and seamless **frontend-backend** communication.
- Collaborated in an agile environment to troubleshoot, test, and deploy scalable full-stack solutions, improving application performance and user experience.

Global Web Solutions

Web Developer intern | 1 Nov 2023 – 25 Jan 2024

- Developed responsive websites using **HTML**, **CSS**, **JavaScript**, and **ReactJS** to improve user experience and performance.
- Assisted in backend integration with **REST APIs** and worked on bug fixing and feature enhancements.
- Collaborated with senior developers in Agile environment to deliver project modules on time.

RELEVANT PROJECTS:

EduManage – Institute Management System

- **EduManage** is a **full-stack** Education Management System built with **Angular** (Frontend), **Spring Boot** (Backend), and **PostgreSQL** (Database). It uses **RESTful APIs** for seamless communication between modules, enabling role-based dashboards for Admins, Trainers, and Students with features like attendance, task management, file submissions, grading, and real-time insights.

Admin Dashboard Application With CRUD Functionality

- A web-based dashboard app built with **Spring MVC** and **Hibernate**, featuring user authentication and **CRUD** operations on dashboard items. Uses Hibernate for **ORM** and Spring MVC for routing and business logic.

Netflix Clone Website:

- Built a responsive Netflix clone using **ReactJS** and **NodeJS**, featuring dynamic content rendering, interactive navigation, and movie data fetched from an API. Demonstrates skills in API integration, React components, and full-stack development.

EDUCATION:

MSS College Of Engineering & Technology

BTech in Computer science and engineering | CGPA: 7.5 – 2021-2024

TECHNICAL SKILLS:

- Programming Languages : **Java**
- Web Technologies : **JavaScript**, **HTML&CSS**
- Frameworks : **Spring Boot**, **Hibernate**, **ReactJS/Angular**
- Databases : **PostgreSQL**, **MySQL**, **MongoDB**
- Version Control : **Git**
- IDE : **IntelliJ IDEA**, **VS Code**
- Build Tools : **Maven**
